Warranty

Individual Design watches are warranted (parts and labor) for one (1) full year from date of purchase for the original, registered owner. Proof of date of purchase is required for warranty claims. Watches purchased directly from Individual Design are automatically registered for warranty purposes.

Covered:

Watch case, crystals, crown, movement, dial, hands, buckles, metal bracelets

Not Covered:

Watch straps/bands (other than metal bracelets)
Scratches, breakage or other customer caused damage

Watch bands are warranted to be free from manufacturing defects at the time of purchase but are not otherwise warranted as they are normal "wear and tear" items.

Leather watch bands typically have a finite life as perspiration and body oils degrade natural leathers over time. It is not unusual to replace your watch band annually.
